## REDUCE BACK PAIN PROBLEMS WITH THE UNITEDSEATS LUXURY OFFICE CHAIRS

**The demand for luxury ergonomic office chairs for work desks and 24 hour applications is on the increase.**

People are spending longer hours behind their desks and sooner or later will suffer from back or muscular complaints. By using UnitedSeats luxury work chairs the risk of these symptoms is much reduced due to the quality and comfort of the product.

### **Create your own chair**

With a range of options such as lumbar support, back angle adjustment, seat tilt and recline feature our chairs offer support and adjustability to get your body in the right position.

We also offer a bespoke service allowing you to select fabrics or leather, or a combination of both and to add armrests, headrest and for marine applications a footrest. Just contact us to let us know your requirements.
