MGV35

The MGV35 is a stylish low profile mechanical suspension seat that enhances the aesthetics of new machines as well as providing a safe and comfortable working position for the operator.

This seat is suitable for all types of agricultural, forklift and other small machinery. Available with several options.

International standards met by the MGV35:
EN 13490 / IT1 / IT2 / EM2 /
EM4 / EM5 / EM7 / EM8

As a retrofit seat for refurbished vehicles the MGV35 is an ideal replacement unit with slide rails already set at the popular 328 mm mounting centres.

The choice of Heavy Duty water resistant PVC with drainage grooves or quality fabric trim makes it suitable for open or cabbed vehicles.
