

RANCHER
LGV95/H152 ARD

OFF ROAD SEATING MANUFACTURER

RANCHER

UnitedSeats present a new low back AIR seat the LGV95/H152 ARD (Rancher) for agricultural, construction and industrial machines. It features integrated controls and powered adjustment for weight and height settings. Its cushions provide optimum comfort levels for operators and the seat has a wide range of adjustments to enhance cab ergonomics. For farmers the 20 degree swivel feature assists with rear view activities such as ploughing as well as helping with ingress/egress of the tractor cab.

The horizontal suspension reduces the buffeting motion when pulling a trailer or implement behind the tractor. It has a large variety of external mounting holes to facilitate installations for both OEM's and aftermarket users.
