UNITEDSEATS

Off road seating manufacturer

MEET THE NEWEST MEMBERS TO THE UNITEDSEAT RANGE

- *Rancher LGV95/H152 ARD*
- *Highlander LGV95/HL152 AH*

UnitedSeats is proud to introduce our two newest seats to the range. Powered by Harita the Rancher & Highlander are high spec seats for an affordable price.

The Rancher has been specifically designed for the agricultural market whilst the Highlander has been built for the construction industry. Both meet E5/E11 and ISO 6683 and IWG 78/764.

See page 2 for full description of specifications of both seats.

POWERED BY
 Harita

UNITEDSEATS RANCHER & HIGHLANDER

Powered by Harita the new Rancher and Highlander seats are the latest seats to be introduced into the successful UnitedSeats range.

RANCHER

The Rancher is an ideal value for money high spec air seat for tractors. The mounting centres have been kept at 260mm, but these are set outside of the rubber suspension cover for easier mounting into the machine. All controls are found on the left side of the seat for improved ergonomics. The suspension is 12V and has a 120mm stroke whilst having a weight adjustment of 50-135kg. The seat also includes horizontal suspension, backrest adjustment and mechanical

lumbar support. The armrests are fully adjustable, so is the damper and the seat has a slide rail travel of 210mm. The seat also includes a backrest extension and a turntable with 20/20-degree swivel. Other options include PVC and seatbelts. The Rancher meets E5/E11 and ISO 6683 and IWG 78/764.

HIGHLANDER

The Highlander is an ideal air seat for construction machines. The mounting centres have been kept at

260mm, and these are set outside of the rubber suspension cover for easier mounting into the machine. All controls are found on the left side of the seat for improved ergonomics. The suspension is 12V with a 24V option and has a 120mm stroke and a weight adjustment of 50-135kg. The seat also includes horizontal suspension, backrest adjustment, headrest and mechanical lumbar support. The armrests are fully adjustable, so is the damper and the seat has a slide rail travel of 210mm. Other options include PVC and seatbelts. The Highlander meets E5/E11 and ISO 6683 and IWG 78/764.

UNITEDSEATS STAND AT IMHX 2019

The IMHX show in Birmingham took place from the 24th-27th September at the National Exhibition Centre. It normally takes place every three years and is the premier event for the Forklift and Materials Handling sector.

Visitors attend from all over the UK and Abroad for this show and United Seats (EBLO SEATING) attended for the fourth time and our stand looked great in the new Black/red livery. We exhibited 9 seats AIR LGV64/C2AR, CS85/C7 3 PT, MGV25/C5, MGV35 with Comfort back cushion, MGV35 with

SITTAB Command armrest and pod, MGV55 AR, MI600, US20 and MGV25 as well as a range of our seat belts and accessories. We were visited by key UnitedSeats dealers such as TEK SEATING, CAPITAL SEATING, KDR Seating and our US dealer from South Africa also called to see us.

UNITEDSEATS INSTALLATIONS ON IMHX SHOW 2019

The Birmingham IMHX 2019 show was a great success for UnitedSeats which saw the brand from Eblo Seating front and centre stage for the first time at a major show.

This was further shown by UnitedSeats being used in several vehicles displayed by other OEM's at the show. Below you can see our seats on vehicles that were on display throughout the week of the IMHX.

NEW SPANISH DEALER SST COMPONENTES

In September 2019 we were contacted by SST Componentes of Lleida in Spain to work with UnitedSeats and supplied samples and initial deliveries of seats during October and November.

As SST already has a lot of experience in the field of suspension seating we were happy to have them on board to

work with UnitedSeats for all sectors in the Iberian Peninsula. As a result of their positive feedback about the

UnitedSeats products they wanted to come immediately to Zwijndrecht for some high level training, factory visits and discussions. Their team lead by their CEO Sergi Lopez spent two days with us and we had some great meetings and input.

INSTALLATION OF UNITEDSEATS MUSTANG

SST componentes have continued with their strong start as a UnitedSeats dealer this time with the installation of the LGV90/C2 TT 'Mustang' into a CAT backhoe. This is on the back of a recent installation of the same seat into a New Holland Backhoe.

SST SEAT DEMO VAN

As well as this they have also made a very impressive introduction of the UnitedSeats Demo van that enables customers to try a range of seats at ease without having to travel and can be taken on the road for shows.

KUBOTA MGV84/MI600 INSTALLATION

Carpenter Goodwin had a query for a Kubota B2530 tractor that originally had a small Sears seat. After discussions with the mechanic

we were able to recommend our MGV84 suspension mounted with the Mi600 black pan seat fitted with a seatbelt. The mechanic believes

our seat to be a better fit than the original with greater comfort and a more comfortable ride because of the improved suspension.

A BIG THANK YOU TO OUR UNITEDSEATS DEALERS

We would like to say a massive thank to all our UK and international dealers. Once again, we have had an incredibly positive year and we couldn't succeed without our dealer partnership.

2019 has seen our dealer network increase from 37 dealers worldwide to 45. TEK seating once again reached the top spot, well done to them making it two years in a row. During the year we have added new partners in the USA, Spain, Peru, Australia, Poland, France, Finland and the UK. The work of our US dealerships is typified by the Carpenter Goodwin stand at the Royal Welsh Winter Fair and Carlat at the Riga Agricultural show.

CARLAT LATVIA AT THEIR STAND DURING THE 2019 RIGA AGRICULTURAL SHOW

VISIT LAMMA SHOW 2020

The Lamma 2020 will be held at the Birmingham NEC over Jan 7 and 8 2020. It is the UK's leading agricultural machinery, equipment and technology show.

The new Rancher and Highlander seats will be on our Distributors

TEK Seating and Capital Seating stands. The Lamma 2020 will also see

UnitedSeats dealers MDE Agriparts, KDR seating and Agriline at the show with our range of seating options. Come see the UnitedSeats products at the UnitedSeats dealers stands.
