

TELEHANDLER SEATING

QUALITY SEATING MANUFACTURER

UnitedSeats for telehandler machinery

“We unite your seat”

UnitedSeats is a worldwide manufacturer of off road seating solutions for the industrial, agricultural, construction and marine sectors. All seats are produced under contract for us in a state of the art modern 75,000 m² facility using the latest manufacturing techniques.

We are based in Zwijndrecht, the Netherlands, from where we supply a portfolio of OEMS and a dealer network around the world. UnitedSeats remains committed to innovation, providing seating products and supported by excellent sales and service support.

Our in-house design capability allows us to tailor products for OEM and dealer specification. Our range comprises a selection of air and mechanical suspensions which are both high profile and low profile, importantly for small and compact agricultural machines.

These suspensions can be combined with a wide selection of seat uppers and seat pans. Our skill is ‘Uniting your seat’.

As a machine type telehandlers fall into agricultural, construction and industrial categories. Our main agricultural seats are robust and easy to operate and meet EEC 78/764 class 1/2/3 type approvals for farm tractors, telehandlers and forestry machines. Our standard range accommodates driver weight range up to 130 kgs and heavy duty versions to accommodate 150 kgs are available. All our suspension seats meet ISO 6683 seat belt strength approval, ISO 7096 construction approval, and all SIP dimensions are according to ISO 5353.

UnitedSeats has a wide range of accessories, such as safety critical items, like seat belts and seat switches. Special armrests and pods are available to carry joystick controls for various machines. A wide variety of spare parts such as dampers and cushions can be supplied.

Above all, our priority is to supply seating solutions to maintain the health and safety of the operator. We also emphasize the need to maintain and repair damaged seats to prevent injury.

At UnitedSeats we've got your back!
